I. About UNFPA

UNFPA, the United Nations Population Fund (UNFPA), is an international development agency that works to deliver a world where every pregnancy is wanted, every child birth is safe and every young person’s potential is fulfilled.

UNFPA is the lead UN agency that expands the possibilities for women and young people to lead healthy sexual and reproductive lives.

The 2030 Agenda states in its preamble that the Sustainable Development Goals and its targets seek to realize the human rights of all and to achieve gender equality and the empowerment of all women and girls. They are integrated and indivisible and balance the three dimensions of sustainable development: the economic, social and environmental.

Realizing human rights, gender equality and the empowerment of women and girls, with focus on the vulnerable girls, will make a crucial contribution to progress across all the Goals and targets.

UNFPA Turkmenistan will launch the campaign promoting the rights-based engagement, gender equality and inclusiveness. The goal of the campaign is to promote the culture of tolerance, dignity and gender equality in the society, with strong focus on young people.

The campaign will feature a number of Live Events, blogs and social media outreach. A package of the digital content, including the animations on human rights, gender equality, inclusiveness and empowerment will be promoted through all the UN and partner social media channels, and supplement the live events inviting the young online users to engage in promoting the universal human rights values, gender equality, inclusiveness and tolerance, and positive social norms.

The campaign will take place within the framework of the UN and Regional UNFPA joint programmes funded by the SDG Fund, the UK Government, and the Government of Russian Federation.

In this regard, UNFPA seeks to hire the company that will Design and manage the kick-off of the Digital campaign on the promotion of rights, equality and inclusiveness among the young online users.
